IN RE: Request of South Carolina Pipeline

ORDER

Corporation for Approval to Refund Supplier

GRANTING

Refund in the Amount of \$655,847.89.

REFUNDS

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of South Carolina Pipeline Corporation (SCPC or the Company) for approval to refund to its customers supplier refunds from Transco in the amount of \$655,847.89. SCPC requests that we approve the refund of this amount to SCPC customers over the five consecutive months of November 2000 through March 2001. The refund applies to transportation demand charges paid by firm customers over the period May 1, 1997 through February 9, 2000. The Company further requests that the refund be applied as a credit to the Weighted Average Cost of Gas (WACOG). The total amount that would be credited to the WACOG will include interest accrued before and during the refund period. With our approval, this amount will be refunded along with refunds approved in Docket No. 2000-0259-G, Order No. 2000-0467 and Docket No. 2000-0259-G, Order No. 2000-0469.

We have examined SCPC's proposal, and hereby approve it as filed. We believe that SCPC proposes to refund supplier refunds to its customers in a reasonable manner.

This Order shall remain in full force and effect until further Order of the

Commission.
